PROFESSIONAL SUMMARY

Django Developer with 9 months of hands-on experience in maintaining and enhancing production web applications. Skilled in debugging complex issues, optimizing PostgreSQL queries and building scalable features using Django, JavaScript, HTML, and CSS. Passionate about writing clean code and improving application reliability in real-world environments.

SKILLS

- Languages: Python, Java, C, C++, JavaScript
- Frameworks & Libraries: Django, AngularJS, React, NextJS
- Databases: PostgreSQL
- Web Technologies: HTML, CSS, Tailwind CSS
- Tools & Platforms: Git, Docker
- Concepts: RESTful APIs, Debugging, Data Structures, SDLC

WORK EXPERIENCE

Software Engineer

MAY 2025 - FEB 2026

Hexnode (Mitsogo Technologies Private Limited), Kochi, Kerala

- Resolved 50+ production and QA defects, improving application stability and reducing user-reported issues
- Debugged backend systems across Django views, models, templates, and ORM queries
- Optimized PostgreSQL queries, improving performance and data processing efficiency
- Fixed frontend issues using AngularJS, JavaScript, HTML, and CSS
- Collaborated with QA teams to reproduce, analyze, and resolve defects efficiently

Web Developer Intern

FEB 2024 - MAR 2024

Alpha Business Solutions Private Limited, Tirunelveli, Tamil Nadu

- Developed a real-world business application for analyzing employee attrition costs
- Built responsive UI components using React, Next.js, and Tailwind CSS
- Implemented client-side storage using IndexedDB for user-specific data persistence
- Worked collaboratively with team members to deliver a business-ready solution

PROJECTS

Employee Turnover Cost Calculator

- Developed a web application to analyze hidden costs of employee turnover and emphasize employee retention for small businesses
- Designed an intuitive and responsive UI using React, Next.js, and Tailwind CSS
- Implemented features to help businesses estimate financial impact of attrition and improve decision-making
- Focused on usability, performance, and real-world business insights
