

Arun A

Python Developer | Python Full-Stack | Software Development

Kovilpatti, Tamil Nadu | arunnura0510@gmail.com | +91 9442545033 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Python Developer with hands-on production experience building and maintaining large-scale Django web applications. Skilled in debugging complex backend systems, optimizing PostgreSQL queries, and delivering reliable, scalable features across the full stack. Demonstrated ability to resolve 50+ production defects in a high-traffic environment, with a track record of improving application stability and performance. Proficient in REST API development, ORM query optimization, Docker, and Git-based workflows.

EDUCATION

B.Tech - Information Technology

National Engineering College, Kovilpatti

2021 - 2025

7.75 CGPA

WORK EXPERIENCE

Software Engineer

Mitsogo Technologies Pvt. Ltd. - Kochi, Kerala

May 2025 – Feb 2026

- Resolved 50+ production and QA defects across a large-scale Django codebase, directly improving application stability and reducing user-reported issues.
- Debugged backend systems by tracing issues through Django views, ORM queries, models, and templates - delivered precise fixes without impacting unrelated live features.
- Rewrote and optimized slow-running PostgreSQL queries causing data pipeline bottlenecks, achieving measurable improvements in server response time and throughput.
- Solved frontend defects in AngularJS, JavaScript, HTML, and CSS to maintain consistent, polished user experience across the entire UI layer.
- Collaborated with QA engineers to reproduce, root-cause, and ship regression-tested fixes in a fast-paced agile environment.

Web Developer Intern

Alpha Business Solutions Pvt. Ltd. - Tirunelveli, Tamil Nadu

Feb 2024 – Mar 2024

- Built a React web application to quantify hidden costs of employee attrition for small business owners.
- Designed and implemented fully responsive UI components using React, Next.js, HTML and Tailwind CSS, ensuring accessibility and performance across all screen sizes.
- Applied IndexedDB for client-side data persistence, without a backend datastore.
- Delivered a business-ready product within a one-month timeline collaborating in a small agile team.

SKILLS

Programming Languages: Python, JavaScript, SQL

Backend: Django, REST APIs, Authentication, API Integration

Frontend: AngularJS, React JS, HTML, CSS, Responsive Web Design

Databases: MySQL, PostgreSQL, SQLite

Tools: Git, GitHub, Docker, Postman, VS Code

Core Concepts: Data Structures & Algorithms, OOP, DBMS

Software Practices: Debugging, Testing, Code Review, Problem Solving

PROJECTS

Employee Turnover Cost Calculator

- Developed a web application to analyze hidden costs of employee turnover and emphasize employee retention for small businesses
- Designed an intuitive and responsive UI using React, Next.js, and Tailwind CSS
- Implemented features to help businesses estimate financial impact of attrition and improve decision making
- Focused on usability, performance, and real-world business insights.
